M A D E W I T H S O U L

From perfecting the rotary engine and winning the Le Mans race the first time we entered it, to breaking the world record for the most-sold two-seater convertible in history, we are driven forward by the desire to defy convention. We believe that if you can imagine it, we can make it happen.

This desire is the fuel behind everything we create and achieve and now, it has given us **SKYACTIV TECHNOLOGY**, '**KODO – Soul of Motion**' design and countless other successes that were once considered impossible feats. These pages show how striving to do what others cannot is not only rewarding but also integral to creating innovative, beautiful cars.

MAZDA3 HATCH

BEAUTY YOU CAN FEEL

NEXT-GENERATION MAZDA3, DRIVING IS BELIEVING

The next-generation Mazda3 represents the beginning of a new era for Mazda. A car that takes every element of design, performance and technology beyond anything that comes before. It's a drive you need to feel to believe.

CREATED TO MAKE A MOMENT LAST

The Mazda3 Hatch is a car designed to catch the eye and heart through the aura of its elegance and refinement. The evolution of Mazda's 'KODO – Soul of Motion' design philosophy see light and shadow shift beautifully across the body. This, combined with the low roofline and wide stance, delivers a powerful presence.

BEAUTY BY SUBTRACTION

Every element of the next-generation Mazda3 Hatch has been created with the intention to further strengthen the connection between car and driver. A less-is-more approach has been followed to develop a cabin that's as beautiful as it is functional.

NEW LEVEL OF INTERIOR CRAFTSMANSHIP

Quality is abundant from top to bottom. Beautifully crafted detailing covers key components like the dashboard, centre console and door panelling while the driver's comfort is elevated with the 10-way power adjustable seat* for a grand drive. *Available on Individual and Astina models.

INSTINCTIVE TECHNOLOGY

Every piece of driving technology has been honed to provide an unparalleled sense of control and enjoyment. The Head-Up Display has been carefully designed to present only the most relevant information in the simplest fashion. The meter cluster now features a vibrant 7-inch TFT display while on the steering wheel, switches are streamlined and better integrated for superior functionality and beauty.

CONNECTED IN EVERY WAY

Enjoy the latest in connectivity with the Mazda Connect system displayed in stunning clarity on an 8.8-inch widescreen. With Apple CarPlay® and Android Auto™ as standard, you can access your compatible smartphone's contacts, social media, music and more at the touch of the button.

ENGINEERED TO EXHILARATE

The strict adherence to the philosophy of 'Jinba-Ittai' with the sense of a car and driver as one, has created a driving experience that's truly next-generation. G-Vectoring Control (GVC) Plus offers unprecedented levels of confidence inspiring controllability, while the SKYACTIV-G petrol engines deliver exhilarating performance.

THE EVOLUTION OF SAFETY

True peace of mind is at the forefront of the next-generation Mazda3. A higher concentration of ultra-high tensile steel reinforces the chassis, while a newly developed knee airbag for the driver's seat is not only a first for Mazda, but comes as standard equipment. Paired with the latest in safety technology, like Dynamic Stability Control (DSC), every grade of the next-generation Mazda3 takes safety to another level.

AN INTUITIVE EXPERIENCE

The next-generation Mazda3 consists of intuitive features that transform your drive into a truly effortless one. The headlamp levelling system, which also complements the vehicle's safety features, adjusts the inclination of the headlamps based on your car load to its height to avoid blinding oncoming traffic. While Mazda never compromises on style, you can enjoy the sunroof with power slide and tilt glass* through the city and country roads. *Sunroof is standard on the Astina model only.

MAZDA3 1.5L ACTIVE (MANUAL)

STANDARD ACROSS EVERY MAZDA3 GRADE:

- Max power (kW @ rpm): 88 @ 6,000
- Max torque (Nm @ rpm): 153 @ 4,000
- i-Stop
- Headlamps: Auto on/off
- LED Headlamps
- Auto Headlamps Levelling
- Front rain-sensing wipers
- Rear wiper with intermittent function
- Head-Up Display (HUD): Windshield display
- Electronic Parking Brake (EPB)
- Auto Hold
- Air-conditioning (Manual)
- 7-Inch TFT LCD Digital Meter
- Trip Computer
- Leather-wrapped steering wheel & gear shift knob
- Multi-function steering wheel with audio controls
- Tilt & telescopic adjustable steering wheel
- Height adjustable seat (Driver)
- Seat trim: Black Cloth
- Push start ignition
- Power windows: One-touch system (Driver & Passenger)
- MZD Connect System
- 8.8-Inch Display Screen
- Commander Dial
- Apple CarPlay® & Android Auto™
- USB connectivity: 2 Ports
- Bluetooth® hands free system
- 8 Speakers
- Airbags SRS: Driver, Passenger, Knee, Side & Curtain
- Anti-lock Braking System (ABS)
- Dynamic Stability Control (DSC)
- Electronic Brake-force Distribution (EBD)
- Emergency Brake Assist (EBA)
- Hill Launch Assist (HLA)
- Auto door lock
- Keyless Entry
- Privacy glass (Rear side & Back)
- Lumbar support (Driver)
- Child restraint anchor points (ISOFIX)
- Rear seat fold down (60:40)
- Super Lock System
- Burglar Alarm System
- High mount brake lamp
- Seat-belt warning (Front & Rear)
- 16" Alloy Wheels (Silver Metallic)

Service Inspection Symbols

I - Inspect
R - Replace
C - Clean
S - Set
T - Tighten

Remarks

*(1) - Implement fuel injection amount correction.

*(2) - Also inspect all auxiliary belts, if installed. If the vehicle is operated primarily under the following conditions, inspect the drive belts and auxiliary belts more often than recommended (Servicing Dealer to advise customer accordingly).

a) Driving in dusty conditions or in a mining area.
b) Extended periods of idling continuous low-speed operation.
c) Short distance driving.
d) Operating the vehicle in extreme cold or hot conditions for long periods.
e) Driving the vehicle in mountainous conditions for long periods.

*(3) - If the vehicle is operated primarily under the following conditions, inspect the drive belts and auxiliary belts more often than recommended (Servicing Dealer to advise customer accordingly).

a) Driving in dusty conditions or in a mining area.
b) Extended periods of idling or continuous low-speed operation.
c) Short distance driving.
d) Operating the vehicle in extreme cold or hot conditions for long periods.
e) Driving the vehicle in mountainous conditions for long periods.

*(4) - Use only manufacturer-specified coolant.

*(5) - If the vehicle is operated in dusty or sandy areas, the filters must be inspected, cleaned or replaced more regularly (Servicing Dealer to advise customer accordingly).

*(6) - If operating the vehicle in extreme cold or heat, inspect electrolyte and specific gravity more regularly (Servicing Dealer to advise customer accordingly).

*(7) - Replace the brake fluid more regularly if the vehicle is continuously loaded, driven in mountainous conditions, exposed to hard driving conditions or operated in humid conditions.

*(8) - If the vehicle is subjected to the following conditions, the differential oil need to be replaced at 60 000 km.

a) Towing.
b) Driving in dusty conditions or in a mining area.
c) Short distance driving.
d) Operating the vehicle loaded continuously.
e) Driving the vehicle in mountainous conditions for long periods.

*(9) - Replace if the component or vehicle was submerged.

*(10) - Perform wheel alignment more regularly if the vehicle is used on rougher road surfaces, driven off-road or on dirt roads (Servicing Dealer to advise customer accordingly).

MAZDA3 HATCH 1.5L/2.0L SERVICE AND PRICING GUIDE
